All of the tests should be performed in the same order as they are presented in this protocol. Instructions to the participants are shown in bold italic and should be given exactly as they are written in this protocol.

1. BALANCE TESTS

The participant must be able to stand unassisted without the use of a cane or walker. You may help the participant to get up.

Now let's begin the evaluation. I would now like you to try to move your body in different movements. I will first describe and show each movement to you. Then I'd like you to try to do it. If you do it, tell me and we'll move on to the next one. Let me emphasize that I do not want you to try to do any exercise that you feel might be unsafe.

Do you have any questions before we begin?

A. Side-by-Side Stand

1. Now I will show you the first movement.

2. (Demonstrate) I want you to try to stand with your feet together, side-by-side, for about 10 seconds.

3. You may use your arms, bend your knees, or move your body to maintain your balance, but try not to move your feet. Try to hold this position until I tell you to stop.

4. Stand next to the participant to help him/her into the side-by-side position.

5. Supply just enough support to the participant's arm to prevent loss of balance.

6. When the participant has his/her feet together, ask “Are you ready?”

7. Then let go and begin timing as you say, “Ready, begin.”

8. Stop the stopwatch and say “Stop” after 10 seconds or when the participant steps out of position or grabs your arm.

9. If participant is unable to hold the position for 10 seconds, record result and go to the gait speed test.
B. Semi-Tandem Stand

1. *Now I will show you the second movement.*

2. (Demonstrate) *Now I want you to try to stand with the side of the heel of one foot touching the big toe of the other foot for about 10 seconds. You may put either foot in front, whichever is more comfortable for you.*

3. *You may use your arms, bend your knees, or move your body to maintain your balance, but try not to move your feet. Try to hold this position until I tell you to stop.*

4. Stand next to the participant to help him/her into the semi-tandem position.

5. Supply just enough support to the participant’s arm to prevent loss of balance.

6. When the participant has his/her feet together, ask “Are you ready?”

7. Then let go and begin timing as you say “*Ready, begin.*”

8. Stop the stopwatch and say “*Stop*” after 10 seconds or when the participant steps out of position or grabs your arm.

9. If participant is unable to hold the position for 10 seconds, record result and go to the gait speed test.

C. Tandem Stand

1. *Now I will show you the third movement.*

2. (Demonstrate) *Now I want you to try to stand with the heel of one foot in front of and touching the toes of the other foot for about 10 seconds. You may put either foot in front, whichever is more comfortable for you.*

3. *You may use your arms, bend your knees, or move your body to maintain your balance, but try not to move your feet. Try to hold this position until I tell you to stop.*

4. Stand next to the participant to help him/her into the tandem position.

5. Supply just enough support to the participant’s arm to prevent loss of balance.

6. When the participant has his/her feet together, ask “*Are you ready?*”

7. Then let go and begin timing as you say, “*Ready, begin.*”

8. Stop the stopwatch and say “*Stop*” after 10 seconds or when the participant steps out of position or grabs your arm.
SCORING:

A. Side-by-Side stand

Held for 10 sec ☐ 1 point
Not held for 10 sec ☐ 0 points
Not attempted ☐ 0 points

If 0 points, end Balance Tests

Number of seconds held if less than 10 sec: _____.___ Sec

If participant did not attempt test or failed, circle why:

1. Tried but unable
2. Participant could not hold position unassisted
3. Not attempted, you felt unsafe
4. Not attempted, participant felt unsafe
5. Participant unable to understand instructions
6. Other (specify)
7. Participant refused

B. Semi-Tandem Stand

Held for 10 sec ☐ 1 point
Not held for 10 sec ☐ 0 points
Not attempted ☐ 0 points

(circle reason to the right)

If 0 points, end Balance Tests

Number of seconds held if less than 10 sec: _____.___ Sec

If participant did not attempt test or failed, circle why:

1. Tried but unable
2. Participant could not hold position unassisted
3. Not attempted, you felt unsafe
4. Not attempted, participant felt unsafe
5. Participant unable to understand instructions
6. Other (specify)
7. Participant refused

C. Tandem Stand

Held for 10 sec ☐ 2 point
Held for 3 to 9.99 sec ☐ 1 points
Held for < than 3 sec ☐ 0 points
Not attempted ☐ 0 points

(circle reason above)

Number of seconds held if less than 10 sec: _____.___ Sec

If participant did not attempt test or failed, circle why:

1. Tried but unable
2. Participant could not hold position unassisted
3. Not attempted, you felt unsafe
4. Not attempted, participant felt unsafe
5. Participant unable to understand instructions
6. Other (specify)
7. Participant refused

D. Total Balance Tests score __________ (sum points)

Guralnik, Ferrucci, Simonsick, Salive, & Wallace (1994)
2. GAIT SPEED TEST

Now I am going to observe how you normally walk. If you use a cane or other walking aid and you feel you need it to walk a short distance, then you may use it.

A. First Gait Speed Test

1. This is our walking course. I want you to walk to the other end of the course at your usual speed, just as if you were walking down the street to go to the store.

2. Demonstrate the walk for the participant.

3. Walk all the way past the other end of the tape before you stop. I will walk with you. Do you feel this would be safe?

4. Have the participant stand with both feet touching the starting line.

5. When I want you to start, I will say: “Ready, begin.” When the participant acknowledges this instruction say: Ready, begin.

6. Press the start/stop button to start the stopwatch as the participant begins walking.

7. Walk behind and to the side of the participant.

8. Stop timing when one of the participant’s feet is completely across the end line.

B. Second Gait Speed Test

1. Now I want you to repeat the walk. Remember to walk at your usual pace, and go all the way past the other end of the course.

2. Have the participant stand with both feet touching the starting line.

3. When I want you to start, I will say: “Ready, begin.” When the participant acknowledges this instruction say: Ready, begin.

4. Press the start/stop button to start the stopwatch as the participant begins walking.

5. Walk behind and to the side of the participant.

6. Stop timing when one of the participant’s feet is completely across the end line.
**GAIT SPEED TEST SCORING:**

Length of walk test course: Four meters ☐ Three meters ☐

A. Time for First Gait Speed Test (sec)

1. Time for 3 or 4 meters ____.___ sec

2. If participant did not attempt test or failed, circle why:
   - Tried but unable 1
   - Participant could not walk unassisted 2
   - Not attempted, you felt unsafe 3
   - Not attempted, participant felt unsafe 4
   - Participant unable to understand instructions 5
   - Other (Specify) ____________________________ 6
   - Participant refused 7

Complete score sheet and go to chair stand test

3. Aids for first walk............... None ☐ Cane ☐ Other ☐

Comments: _______________________________________________________

B. Time for Second Gait Speed Test (sec)

1. Time for 3 or 4 meters ____.___ sec

2. If participant did not attempt test or failed, circle why:
   - Tried but unable 1
   - Participant could not walk unassisted 2
   - Not attempted, you felt unsafe 3
   - Not attempted, participant felt unsafe 4
   - Participant unable to understand instructions 5
   - Other (Specify) 6
   - Participant refused 7

3. Aids for second walk.......... None ☐ Cane ☐ Other ☐

   What is the time for the faster of the two walks?
   Record the shorter of the two times ____.___ sec
   [If only 1 walk done, record that time] ____.___ sec
   If the participant was unable to do the walk: ☐ 0 points
3. CHAIR STAND TEST

Single Chair Stand

1. *Let’s do the last movement test. Do you think it would be safe for you to try to stand up from a chair without using your arms?*

2. *The next test measures the strength in your legs.*

3. (Demonstrate and explain the procedure.) *First, fold your arms across your chest and sit so that your feet are on the floor; then stand up keeping your arms folded across your chest.*

4. Please stand up keeping your arms folded across your chest. (Record result).

5. If participant cannot rise without using arms, say “Okay, try to stand up using your arms.” This is the end of their test. Record result and go to the scoring page.

Repeated Chair Stands

1. *Do you think it would be safe for you to try to stand up from a chair five times without using your arms?*

2. (Demonstrate and explain the procedure): *Please stand up straight as QUICKLY as you can five times, without stopping in between. After standing up each time, sit down and then stand up again. Keep your arms folded across your chest. I’ll be timing you with a stopwatch.*

3. When the participant is properly seated, say: “**Ready? Stand**” and begin timing.

4. Count out loud as the participant arises each time, up to five times.

5. Stop if participant becomes tired or short of breath during repeated chair stands.

6. Stop the stopwatch when he/she has straightened up completely for the fifth time.

7. Also stop:
   - If participant uses his/her arms
   - After 1 minute, if participant has not completed rises
   - At your discretion, if concerned for participant’s safety

8. If the participant stops and appears to be fatigued before completing the five stands, confirm this by asking “**Can you continue?**”

9. If participant says “Yes,” continue timing. If participant says “No,” stop and reset the stopwatch.
SCORING

Single Chair Stand Test

A. Safe to stand without help

B. Results:
   - Participant stood without using arms
   - Participant used arms to stand
   - Test not completed

C. If participant did not attempt test or failed, circle why:
   - Tried but unable
   - Participant could not stand unassisted
   - Not attempted, you felt unsafe
   - Not attempted, participant felt unsafe
   - Participant unable to understand instructions
   - Other (Specify)
   - Participant refused

Repeated Chair Stand Test

A. Safe to stand five times

B. If five stands done successfully, record time in seconds.
   Time to complete five stands _____.____ sec

C. If participant did not attempt test or failed, circle why:
   - Tried but unable
   - Participant could not stand unassisted
   - Not attempted, you felt unsafe
   - Not attempted, participant felt unsafe
   - Participant unable to understand instructions
   - Other (Specify)
   - Participant refused

Scoring the Repeated Chair Test

Participant unable to complete 5 chair stands or completes stands in >60 sec: 0 points
If chair stand time is 16.70 sec or more: 1 point
If chair stand time is 13.70 to 16.69 sec or more: 2 points
If chair stand time is 11.20 to 13.69 sec: 3 points
If chair stand time is 11.19 sec or less: 4 points
Scoring for Complete Short Physical Performance Battery

Test Scores

Total Balance Test score  _______ points
Gait Speed Test score  _______ points
Chair Stand Test score  _______ points

Total Score  _______ points (sum of points above)
